

Summary of Decision

The following table is a high level summary of the decision of the Legal Services Board. It is not a formal part of the decision notice.

Purpose of notice
To grant an application from the Faculty Office on behalf of the Master of the Faculties by approving alterations to its regulatory arrangements by adding a new rule to its Notaries Practice Rules.
Alterations that are being approved by this decision
Introduction of a new rule, 21.5 to the Notaries Practice Rules. This gives authority to the Master of the Faculties Registrar to provide written permission for a member of a Specified Profession to be employed in a notary practice if the individual has had a finding of professional misconduct made against that person.

Decision notice

Issued by the Legal Services Board under Part 3 of Schedule 4 to the Legal Services Act 2007 (the Act)

The Faculty Office's application for approval of changes to its regulatory arrangements in respect of its Notaries Practice Rules.

The Legal Services Board (**LSB**) has granted an application from the Faculty Office on behalf of the Master of the Faculties by approving alterations to the regulatory arrangements in respect of introducing a new rule into its Notaries Practice Rules. The Master of the Faculties is an approved regulator and the Faculty Office is the regulatory arm to which the Master of the Faculties has delegated its regulatory functions.

This decision notice sets out the decision taken, including a brief description of the changes. The notes at the end of this notice explain the statutory basis for the decision. The chronology for the LSB's handling of this application is set out at the end of this decision notice.

Proposed changes

1. The proposed change is the introduction of a new rule which gives authority to the Master of the Faculties Registrar to provide written permission for a member of a Specified Profession to be employed in a notary practice if the person has had a finding of professional misconduct made against that person. The proposed new rule states:

A notary shall not employ within his professional practice a person who is, or has been, a member of a Specified Profession within the meaning of rule 24 and the Schedule to the Notaries (Conduct and Discipline) Rules 2015 without the express written permission of the Registrar where that person has had a finding of professional misconduct made against him by the Relevant Body of the Specified Profession.

2. The application explains that the purpose of the alteration is to address a specific risk in advance of what will be more substantive alterations in relation to notaries' employees as part of the Master of the Faculties plans for entity regulation. While the Master of the Faculties' existing supervision rules make the notary wholly responsible for the supervision of his or her office, it is considered by the Faculty Office that additional protection for consumers is required, since the Master of the Faculties currently has no direct control over notary employees. The engagement of the Registrar where he is notified there has been disciplinary action would, according to the Master of the Faculties, provide an additional level of public protection.

Key issues considered in the assessment of the application

3. The LSB sought clarification on three key aspects in its assessment:

- Operation of the rule
- Timing of the alteration
- Consultation

Operation of the rule

4. We sought clarification from the Faculty Office about how the Rule would operate in practice. In particular how the Registrar intended to define misconduct, and the criteria that would be applied to making decisions. The Faculty Office explained that it would follow definitions of professional misconduct set out in the rules or handbook of the relevant Approved Regulator of the individual concerned and take into account the type and level of misconduct, including any element of dishonesty, and how recently it had occurred. The Registrar would also take into account the nature and severity of the sanction imposed on the individual. If, for example, a notary was proposing to employ a solicitor who had received a serious penalty as a result of the misappropriation of client funds or other dishonesty, the Registrar would need to be satisfied that adequate safeguards were in place to ensure that that person did not have access to client funds or other monies in the notary's office before consenting to his/her employment by the notary. It also clarified that it would be the Registrar's intention to apply his discretion to any potential employee of a notary who had had a serious finding made against him/her, whatever the activity or capacity within the notary's practise that was being proposed. For the avoidance of doubt, it was not proposing an outright bar on employment but, as indicated in the above example, it would seek to ensure that a notary's clients are not put at risk of loss.

Timing of the alteration

5. We noted from the application that the change was to address a risk to consumers in advance of what will be more substantive proposals in relation to entity regulation. We sought clarification on why the Faculty Office had decided to introduce the change now rather than as part of these more substantive later changes related to entity regulation. The Faculty Office clarified that the specific instance that prompted the rule change was information given to the Registrar by an officer of an approved regulator concerning a struck-off practitioner who had been barred from being employed by any approved person or firm, and who was allegedly being employed by a notary in his personal capacity but without any reference to the Faculty Office. As a result of the potential risk to the notary's clients, the Faculty Office regards the rule change as an immediate priority that should not be delayed as part of the longer term plan for entity regulation.

Consultation

6. We note and welcome that the two representative membership societies (The Notaries Society and The Society of Scrivener Notaries) were consulted and provided helpful feedback. As has previously been communicated, the LSB ask that the Faculty Office give consideration to consult more broadly, and not always be restricted to the representative societies when seeking to make significant changes to its regulatory arrangements. This will particularly be the case for the more substantive changes relating to entity regulation.

Decision

7. The LSB has considered the Faculty Office's application against the criteria in paragraph 25(3) of Schedule 4 to the Act and has decided to grant the application.
8. The Annex to this decision notice contains the revised Notaries Practice Rules that includes the amendment to the Faculty Office's regulatory arrangements approved by the LSB.

Chronology

- The LSB confirmed receipt of an application from the Faculty Office on 19 May 2017
- This decision notice is effective from 12 June 2017
- The decision notice will be published on our website on 12 June 2017

Notes:

1. The LSB is required by Part 3 of Schedule 4 to the Act to review and grant or refuse applications by approved regulators to make alterations to their regulatory arrangements.
2. Paragraph 25(3) of Schedule 4 to the Act explains that the LSB may refuse an application setting out a proposed change to the regulatory arrangements only if it is satisfied that:
 - (a) granting the application would be prejudicial to the regulatory objectives
 - (b) granting the application would be contrary to any provision made by or by virtue of this Act or any other enactment or would result in any of the designation requirements ceasing to be satisfied in relation to the approved regulator
 - (c) granting the application would be contrary to the public interest
 - (d) the alteration would enable the approved regulator to authorise persons to carry on activities which are reserved legal activities in relation to which it is not a relevant approved regulator
 - (e) the alteration would enable the approved regulator to license persons under Part 5 [of the Act] to carry on activities which are reserved legal activities in relation to which it is not a licensing authority, or
 - (f) the alteration has been or is likely to be made otherwise than in accordance with the procedures (whether statutory or otherwise) which apply in relation to the making of the alteration.
3. The designation requirements referred to in paragraph 2(b) above are set out in paragraph 25(4) of Schedule 4 to the Act and are:
 - (a) a requirement that the approved regulator has appropriate internal governance arrangements in place
 - (b) a requirement that the applicant is competent, and has sufficient resources to perform the role of approved regulator in relation to the reserved legal activities in respect of which it is designated, and
 - (c) the requirements set out in paragraphs 13(2)(c) to (e) of Schedule 4, namely that the proposed regulatory arrangements are appropriate, comply with the requirement in respect of resolution of regulatory conflict (imposed by sections 52 and 54 of the Act) and comply with the requirements in relation to the handling of complaints (imposed by sections 112 and 145 of the Act).
4. In accordance with paragraphs 20(1) and 23(3) of Schedule 4 to the Act, the LSB has made rules¹ about the manner and form in which applications to alter regulatory arrangements must be made. Amongst other things, the rules highlight the applicant's obligations under section 28 of the Act to have regard to the Better Regulation Principles. They also require applicants to provide information about each proposed change and details of the consultation undertaken.
5. If the LSB is not satisfied that one or more of the criteria for refusal are met, then it must approve the application in whole, or the parts of it that can be approved.

6. **Bankruptcy**

A notary who is bankrupt may not practise as a notary on his own behalf or as the sole member of a professional partnership until he is discharged from bankruptcy, provided that this rule shall not prevent him from practising as the employee of another notary.

7. **Obtaining Instructions**

A notary shall not directly or indirectly obtain or attempt to obtain instructions for professional work or permit another person to do so on his behalf, or do anything in the course of practising as a notary, in any manner which compromises or impairs or is likely to compromise or impair any of the following:

- 7.1 the principles;

- 7.4 the good repute of the notary or of the notarial profession;

- 8.2 The prescribed form of words may be provided to the client electronically.

9. Conflicts of Interest

9.1 Conflicts of Interest (General)

9.1.1 In the conduct of his practice a notary shall not favour the interests of one client over those of another and shall not favour his own interests or those of any other person over those of his clients.

9.2 Conflicts of Interest (Conveyancing Transactions)

9.2.1 A notary conducting a conveyancing transaction in the capacity of a solicitor, or a licensed conveyancer, or member of another professional body with an approved regulator, is subject to the rules and any guidance relating to (a) conflicts of interest and (b) relations with third parties laid down by the approved regulator of that professional body, and should comply with such rules and have regard to any such guidance accordingly.

9.2.2 A notary conducting a conveyancing transaction in the capacity of a notary must not act for both seller and buyer in a transaction relating to property situated in England and Wales unless:

- (a) the notary is satisfied that no conflict of interest exists or is likely to arise during the course of the transaction, whether or not the transaction is between parties at arm's length; and
- (b) both parties are established clients in that they have instructed the notary on previous occasions; or
- (c) the consideration does not exceed £10,000 in an individual transaction; and
- (d) both clients are informed of the advantages of separate representation before they give their written consent to the notary acting for both of them; and
- (e) both parties consent in writing.

9.2.3 For the avoidance of doubt this rule shall apply to a notary acting for one party in his capacity under rule 9.2.1 and another party in his capacity under rule 9.2.2.

9.3 Relations with third parties

9.3.1 A notary shall not communicate directly by any means whatsoever with any other party to a conveyancing transaction where that party is represented by a lawyer except:

- (a) to obtain information about the name and address (including e-mail address) of that lawyer; or
- (b) with the consent of that lawyer; or

- (c) after notifying the lawyer of the intention to contact the party direct because the other party's lawyer has refused or without good reason failed to pass on messages or to reply to communications; or
- (d) in exceptional circumstances where it is impracticable to contact that party's lawyer;

provided that any communication under (a) to (d) of this rule shall be in writing.

9.3.2 A notary who is dealing with any unrepresented party to a conveyancing transaction must not take unfair advantage of that party, and where it is necessary for practical reasons to communicate orally with an unrepresented party the notary should immediately thereafter make a written note of the communication and should as soon as possible confirm the substance of it in writing to the unrepresented party.

9.4 Conflicts of Interest (notarial activities other than conveyancing transactions)

9.4.1 In respect of notarial activities other than conveyancing transactions, a notary may act for both parties to a transaction but only if:

- (a) each party has consented in writing to the notary so acting; and
- (b) the notary is satisfied that there is no conflict of interest between the parties.

9.4.2 For the avoidance of doubt a notary does not act for both parties to a transaction merely by preparing or authenticating a notarial act in his capacity as a public certifying officer even though that act may concern two or more parties.

10. **Duty to Act Impartially in respect of Notarial Acts**

A notary must act impartially and in particular must not perform any notarial act which involves or may affect:

- 10.1 his own affairs, including matters in which he is personally interested jointly with another person;
- 10.2 the affairs of his spouse or partner or a person to whom the notary is engaged to be married (for the purpose of this sub-rule, "partner" means a person with whom the notary cohabits or with whom he has a sexual relationship and includes a partner of the same sex);
- 10.3 the affairs of a person to whom he is directly and closely related;
- 10.4 the affairs of a person with whom he is in a professional partnership or by whom he is employed or from whom he receives a benefit by being provided with office accommodation or other facilities for his notarial practice;

- 10.5 the affairs of a person who has appointed the notary to be his attorney which concern a matter within the scope of the power of attorney granted;
- 10.6 the affairs of a trust of which he is a trustee or of an estate where he is a personal representative of the deceased;
- 10.7 the affairs of a body corporate of whose board of directors or governing body he is a member;
- 10.8 the affairs of an employee of the notary;
- 10.9 the affairs of a partnership of which he is a member or of a company in which the notary holds shares either exceeding five percent of the issued share capital or having a market value exceeding such figure as the Master may from time to time specify.

11. **Employed Notaries**

- 11.1 Save as permitted by rule 11.2 a notary who is the employee of a non-notary shall not perform any notarial act as part of his employment or do or perform any notarial act for his employer or his employer's holding, associated or subsidiary company.
- 11.2 A notary may act for a person who is also the client of the qualified legal practitioner or firm of qualified legal practitioners by which he is employed but he shall take all proper and reasonable steps in the exercise of his notarial practice to maintain his independence of his employer and in particular he shall:
 - 11.2.1 ensure that his independence and integrity as a notary is fully recognised in writing in any contract of employment entered into by him; and
 - 11.2.2 annually send to his employer a written statement of professional independence in a form approved by the Master from time to time, and shall declare in his application for a notarial practising certificate that he has complied with this rule.

12. **Language**

- 12.1 Notarial acts shall normally be drawn up in the English language.
- 12.2 A notary may upon request or in appropriate circumstances prepare a notarial act in a language other than English if he has sufficient knowledge of the language concerned.
- 12.3 A notary may not authenticate by means of a notarial act a document drawn up in a language other than English unless he has satisfied himself as to its meaning but this does not prevent a notary from authenticating the execution or signature of a document in any language.
- 12.4 A notary may not certify the accuracy of a translation that has been made by someone other than himself unless he has knowledge of the language sufficient to satisfy himself as to the accuracy of the translation but this does not prevent

a notary from attesting a translator's affidavit or authenticating a verification.

13. Undertakings

- 13.1 Any notary giving an undertaking, whether oral or in writing, shall be personally liable for that undertaking, and the implementation of any such undertaking is required as a matter of conduct. Save in exceptional cases a failure by a notary to honour an undertaking will constitute Notarial Misconduct as defined in rule 2 of the Notaries (Conduct and Discipline) Rules 2015.
- 13.2 An undertaking given by a notary in writing or confirmed in writing shall be signed by the notary giving it.

14. Publicity

A notary may advertise his practice and seek to obtain directly or indirectly clients and business in any manner and through any medium whether informative or promotional with the exception of unsolicited telephone calls or unsolicited visits to persons or organisations provided that:

- 14.1 the principles are upheld;
- 14.2 the client's freedom to instruct a qualified person of the client's choice is not thereby unduly restricted;
- 14.3 the notary's good reputation for integrity and professional standards of work is not thereby damaged;
- 14.4 he complies with any relevant non-statutory code of advertising standards and practice currently in force;

but nothing in this rule shall be construed as authorising the use of the word "notary" or any word designating or indicating notarial services in any publicity for activities which are not of a notarial nature.

15. Scrivener Notaries

No notary shall describe himself professionally as a Scrivener or a Scrivener notary unless he holds the qualifications to practise as a Scrivener notary from time to time prescribed by the Incorporated Company of Scriveners.

16. Introductions and Referrals

When a notary enters into an arrangement with another person for the introduction of clients to the notary or by the notary to the other person he must ensure:

- 16.1 that the client is informed in writing of the arrangement and of any commission or other benefit the notary may be receiving or pay;
- 16.2 that he either obtains the client's written agreement as to the destination of the commission or accounts to the client for the commission;

- 16.3 that he remains able to advise the client independently in accordance with these rules and continues to do so regardless of his own interests.

17. Offering Services other than as a Notary

- 17.1 Where a notary by himself or with any other person operates, actively participates in or controls any business, other than a notary's practice, the notary shall ensure:

17.1.1 that the name of that business has no substantial element in common with the name of any practice of the notary;

17.1.2 that the words "notary", "notaries," "attorney(s)" or "lawyer(s)" or any words designating or indicating a notarial or legal practice are not used in connection with the notary's involvement with that business;

17.1.3 that any client referred by any practice of the notary to the business is informed in writing that, as a customer of that business, he does not enjoy any protection attaching to the client of a notary, and that where that business shares premises or reception staff with any practice of the notary, every customer of the business is informed in writing that, as a customer of that business, he does not enjoy the protection attaching to the client of a notary.

- 17.2 Rule 17.1 does not apply to the practice of a qualified legal practitioner.

18. Fees

- 18.1 A notary may charge a professional fee for all notarial work undertaken by him, and the basis upon which that fee will be calculated or the fee to be charged for the work done, shall be made known in advance to any new client.

- 18.2 Subject to rule 18.3 and 18.4 below a notary shall not share or agree to share his professional fees with any person not entitled to act as a notary; provided that this rule shall not prohibit the payment of any allowance or allowances, sum or sums of money, that are or shall be agreed to be made or paid to the widows or children of any deceased notary or notaries, by any surviving partner or partners of such deceased notary or notaries.

- 18.3 A notary who also practises as a qualified legal practitioner either in a professional partnership or as an employee may share professional fees provided that:

18.3.1 his professional partners or employer are also qualified legal practitioners;

18.3.2 the notary shall keep accounts which enable the income and expenditure arising from his practice as a notary to be distinguished from the income and expenditure arising from his practice or employment as a qualified legal practitioner; and

18.3.3 shall furnish the Faculty Office with such additional information as to

his professional partnership and accounting arrangements or his employment as may be prescribed in rules or orders of the Master.

- 18.4 A notary who practises as such within or on behalf of a limited company or limited liability partnership may share his professional fees, or collect them through, that company or partnership provided that the equity of that company or partnership is wholly owned by the notary or notaries who are the directors or partners of the company or partnership.

19. Name of a Notary's Practice

- 19.1 A notary shall notify the Registrar of the name under which he practises, or the firm of notaries within which he practises:

19.1.1 at the time of his admission;

19.1.2 at any time the name is to change; and

19.1.3 annually when he applies for a practising certificate pursuant to Rule 4 of the Notaries (Practising Certificates) Rule 2012.

- 19.2 A notary shall not practise under a name which is likely to mislead (whether intentionally or unintentionally) or bring the notarial profession into disrepute.

20. Investment Business

[This rule came into force by Order of the Master made on 20 August 2014]

- 20.1 In this rule “appointed representative”, “investment” and “regulated activity” have the meanings assigned to them by the Financial Services and Markets Act 2000 and the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001 as extended by the Financial Services Act 2012

- 20.2 A notary shall not in connection with any regulated activity:

20.2.1 have an exclusive arrangement with a provider of financial services nor with a provider of financial services advice (whether of independent advice or restricted advice or both) under which the notary could be constrained to recommend, introduce or refer clients or effect for them (or refrain from so doing) transactions or contracts:

21.1.1 open, save exceptionally and for a good reason, during normal office hours for the provision of appropriate notarial services to members of the public; and

21.1.2 properly supervised.

In particular a notary shall ensure that he or another notary holding a Practising Certificate shall spend sufficient time at such office to ensure adequate control of the staff employed there and afford requisite facilities for consultation with clients. Such notary may be a principal, employee or consultant of the firm or a locum tenens.

21.2 In determining whether or not there has been compliance with the requirement as to supervision in rule 21.1, account shall be taken of, inter alia, the arrangements for the principals to see or be apprised of incoming communications.

21.3 Where the operation or supervision of a notary's office in accordance with this rule is prevented by illness, accident or other sufficient or unforeseen cause for a prolonged period, suitable alternative arrangements shall be made without delay to ensure compliance.

21.4 In cases where a notary is not in attendance on days when his office is normally open to the public, he shall make adequate arrangements to ensure the provision of notarial services to persons requiring the same.

21.5 A notary shall not employ within his professional practice a person who is, or has been, a member of a Specified Profession within the meaning of rule 24 and the Schedule to the Notaries (Conduct and Discipline) Rules 2015 without the express written permission of the Registrar where that person has had a finding of professional misconduct made against him by the Relevant Body of the Specified Profession.

22. **Continuing Professional Education**

22.1 After commencing practice and having satisfactorily completed the required period of supervision, a notary shall, within every such successive period as shall be determined by the Master, participate in such programmes, courses or seminars approved by the Master as may be necessary to acquire the number of credit points determined by the Master.

- 22.2 Upon determination by the Master of the periods and number of credit points, they shall be included in regulations made by the Master under this rule from time to time.

PART III: RECORDS AND INSPECTIONS

23. Duty to Keep Records
