Subject: LSB Strategy and Business Plan

FAO Nicholas Baré

Dear Nicholas,

We are grateful that the LSB has again published details of its business plan for the forthcoming year alongside the strategic plan 2012-15. Whilst, on this occasion, we do not propose to respond formally to the consultation, we look forward to continuing to liaise closely with the LSB on common areas of interest, such as the Quality Assurance Scheme for Advocates, and will respond to specific consultation, as outlined in the programme of work, as they are published.

Regards,

Hugh
